

Survey Regulations Board Circular 1 of 2020

TARIFF OF FEES

- Note:*
- (1) *Unless otherwise stated, the sections quoted in this tariff of fees refer to the Land Survey (General) Regulations, 1979, as amended*
 - (2) *“The Act” refers to the Land Survey Act, Chapter 20:12*
 - (3) *The tariff is effective from 01 November 2020.*
 - (4) *The tariff uses the United States Dollars as the base currency. However equivalent payments can be made in local currency at the prevailing exchange rates.*
 - (5) *The charges displayed in this tariff shall be deemed the minimum applicable fees to be charged by a surveyor.*

PART 1

BASIC CHARGE

1. In this Part “one survey” means the undertaking of a survey in terms of these regulations to create up to a maximum of 1 000 units of land within the boundaries of a property represented on a single diagram or on State Land notwithstanding that such State Land is not represented on a diagram.
2. The basic charge, which shall consist of initial charge, per lot charges and the charges for extra sides above five, shall be for supplying:
 - a) The survey records referred to in section 66(1).

Provided that an additional charge shall be made in terms of Part III for:

 1. obtaining an agreement as to beacons and boundaries;
 2. framing diagrams in excess of those required by section 60
 - b) The statement of fees levied on the client for survey of pieces of land, surveyed at the same time and included in one survey.

Survey Regulations Board Circular 1 of 2020

3. For any survey, the initial charge shall be \$50, 00 plus 20% of total per lot charge.

Table A (Charges per lot for each of the total number of pieces of land surveyed)

COLUMN 1 No. of Units	COLUMN 2 (square metres)						
	Up to 400	401-700	701-1000	1001-2000	2001-5000	5001-10000	10001-20000
1	\$200	\$220	\$240	\$260	\$280	\$300	\$320
2	\$190	\$210	\$230	\$250	\$260	\$280	\$300
3	\$180	\$200	\$220	\$230	\$250	\$260	\$280
4	\$170	\$190	\$200	\$220	\$240	\$250	\$260
5	\$160	\$180	\$190	\$210	\$220	\$240	\$250
10	\$150	\$170	\$180	\$190	\$210	\$220	\$240
20	\$140	\$160	\$170	\$180	\$190	\$210	\$220
50	\$130	\$150	\$160	\$170	\$180	\$190	\$200
100	\$120	\$130	\$140	\$160	\$170	\$180	\$190
250	\$110	\$120	\$130	\$140	\$150	\$160	\$170
500	\$100	\$110	\$120	\$130	\$140	\$150	\$160
1000	\$70	\$80	\$90	\$100	\$110	\$120	\$130

The fee per piece of land which exceeds any number specified in Coulmn 1 of Table A but not the next higher number specified, is an amount equal to the proportionate fee prescribed for the number which is so exceeded.

Table B (Charges per lot for each of the total number of pieces of land surveyed)

COLUMN 1 Hectares	COLUMN 2 (No. Of Units)					
	1	2	3	4	5	More than 5
Over 2 to 5	\$540	\$490	\$410	\$350	\$330	\$300
Over 5 to 10	\$570	\$510	\$430	\$370	\$350	\$320
Over 10 to 25	\$600	\$540	\$460	\$390	\$370	\$330
Over 25 to 50	\$630	\$560	\$480	\$410	\$390	\$350
Over 50 to 100	\$660	\$590	\$500	\$430	\$410	\$370
Over 100 to 200	\$690	\$620	\$530	\$450	\$430	\$390
Over 200 to 500	\$720	\$650	\$550	\$470	\$450	\$410
Over 500 to 1000	\$760	\$680	\$580	\$500	\$470	\$430
Over 1000 to 2000	\$800	\$720	\$610	\$520	\$500	\$450
Over 2000 to 3000	\$840	\$750	\$640	\$540	\$520	\$470
Over 3000 to 5000	\$880	\$790	\$670	\$570	\$540	\$500
Over 5000 to 7000	\$920	\$830	\$710	\$600	\$570	\$520
Over 7000 to 10000	\$970	\$870	\$740	\$630	\$600	\$540
Over 10000	\$1000	\$900	\$780	\$660	\$630	\$570

For each additional side above five, the charge shall be 10% of the per lot charge.

Survey Regulations Board Circular 1 of 2020

The initial charge shall be made only once in one survey, unless

- a) the survey is comprised of a number of non-contiguous pieces of land, in which case the initial charge shall be supplemented by a further initial charge, reduced by 20 per centum in respect of such additional unit group; or
- b) the survey consists of a group of contiguous units of land, each falling on different properties and represented on different diagrams, in which case the initial charge shall be supplemented by an additional charge, reduced by 50 per centum in respect of each such additional unit;

In this paragraph, pieces of land shall be deemed to be contiguous when they are separated from each other by 100 metres or less.

- 4. When any piece of land under survey, which is less than 1001 square metres in extent, has a substantial permanent building upon it, an additional charge of \$25, 00 shall be made for such piece.
- 5. A street or road, the ownership of which is to vest in terms of section 42 of the Regional, Town and Country Planning Act, Chapter 29:12, shall be considered to be a lot;
Provided that the provision of this paragraph shall not apply if, after the deduction of all the surveyed subdivisions, the remaining extent of the immediate parent property would be streets or roads, the ownership of which had been vested.
- 6. The boundaries of each lot shall be counted separately when determining the number of boundaries, but an indicatory line shall not be counted as a boundary.
- 7. When a subdivision is surveyed and the whole property or the remainder is surveyed simultaneously for rectification of title, the remainder, and not the whole property, shall be charged for unless the charge for the whole property would be less.
- 8. The amount of any examination fee payable to the Surveyor General in terms of section 10 of the Act shall be additional.
- 9. The charge for surveying a land-share shall be in accordance with this Part, however where all the corner points and boundaries of such land-share are defined to the satisfaction of the Surveyor-General by topographical features, such charge shall be made in the manner provided for in Part III.
- 10. The cost of postage and telephone shall be recoverable.

PART II – REIMBURSIBLES

Interpretation of terms

Recoverable in this part means that the charge shall consist of the cost of acquiring the good, service or idea plus any administration and a mark up charge of 50%.

Survey Regulations Board Circular 1 of 2020

A. CHARGES FOR BEACONS, APEX POINTS, REFERENCE MARKS AND STATIONS.

1. For providing materials for erecting beacons, stations, apex points and reference marks, the charge shall be:
 - a. \$1,50 for a beacon, an apex point or a witness mark, consisting of a centre mark only as defined in Section 21.
 - b. \$3,00 for –
 1. A beacon referred to in paragraph (b) or (c) of subsection 4 of Section 22; or
 2. An apex-point referred to in subparagraph (ii) of paragraph (a) of subsection (2) of Section 25;
 - c. \$5,00 for a beacon referred to in paragraph (a) of subsection (3) of Section 22;
 - d. ZWL\$11,00 for a beacon referred to in paragraph (b), (c), (d) or (e) of subsection (3) or the proviso to subsection (5) of Section 22;
 - e. \$18,00 for a beacon referred to in paragraph (f) of subsection (3) of Section 22;
 - f. \$21,00 for a reference mark referred to in subsection (2) of Section 26;
 - g. \$25,00 for a beacon referred to in paragraph (g) or (h) of subsection (3) of Section 22;
 - h. \$1,00 for a station referred to in subsection (l) of Section 25.

B. GENERAL PLANS, DIAGRAMS, DISPENSATION CERTIFICATES & RIVER PLANS.

1. The basic charge for framing a general plan shall be \$200,00 with an additional \$10 for each lot.
2. The cost of preparing a diagram shall be \$25,00 for each lot thereon.
3. The cost of preparing a dispensation certificate shall be \$1,00 for each lot thereon.
4. The charges for preparing a river plan shall be made in term of Part III.
5. For the supply of each sheet of a river plan, dispensation certificate or general plan, the cost shall be recoverable.

C. TRAVELLING, TRANSPORT AND SUBSISTENCE

1. When a land surveyor uses his own vehicle for –
 - a) Travelling to and from the land under survey,
 - b) Carrying out field work of a survey,
 - c) Travelling to and from the nearest suitable accommodation to the site of the survey where the land surveyor is away from his headquarters and accommodation is not available at the site of the survey;

the charge per kilometre up to an engine capacity of three thousand cubic centimetres shall be in accordance with the total ownership cost rates published by the Automobile Association of Zimbabwe from time to time.

2. When public transport is used for the travelling referred to in paragraph 1, the cost of using such transport by the land surveyor and his assistants shall be recoverable.

Survey Regulations Board Circular 1 of 2020

3. When a land surveyor is engaged in a survey away from his headquarters, the cost of providing accommodation and subsistence for himself and his professional/technical assistants shall be \$60, 00 per person per day. The subsistence of up to a maximum of five workers per land surveyor, if necessarily employed, shall be recovered at a rate of \$45, 00 per worker per day.
4. Where a land surveyor incurs expenses more than those prescribed for accommodation and subsistence, proven costs shall be recoverable.
5. For the time during which a land surveyor is necessarily occupied in travelling from his headquarters to the land under survey and back to his headquarters, the charge shall be \$15,00 per hour.
6. In calculating charges in terms of this Part –
 - a. The mileage charge by a land surveyor for travelling to and from his headquarters shall be payable in respect of one journey only, unless –
 - i) Substantial reasons exist for more than one journey to be made, or
 - ii) The duration of a single survey is thirty days or more, in which case a charge may be made for one return journey to his headquarters actually made by a land surveyor for each period of thirty days duration of such survey.

D LABOUR CHARGES

When it is essential for the performance of a survey to engage labour, the charge shall be \$10,00 per labourer per day.

PART III

PROFESSIONAL WORK

1. The following charges shall be made in terms of this Part:
 - a) Surveying any type of servitude.
 - b) The computing and compiling of data to be used for framing a diagram where a railway line and or servitudes exist.
 - c) When not charged for under Part III (B)(2), the preparation or framing of any diagram.
 - d) The preparing of a curvilinear boundary plan from information adopted in terms of subsection (3) of Section 19.
 - e) For relocating or replacing a lost beacon, or computing the position of, and placing each beacon of the outside figure of a township, when such beacon is not a corner beacon or apex-point of a stand in that township.
 - f) When it is necessary to survey an additional existing beacon, apex point, reference mark, station or corner of wall, which would not be required otherwise to determine the position of a boundary of land under survey.

Survey Regulations Board Circular 1 of 2020

- g) When it is necessary to survey the corner of a building to be represented on a building-location or land-share diagram;
 - i) In order to provide the data required in terms of paragraph (a) of subsection (5) of Section 41; or
 - ii) In order to determine accurately the position of such corner in relation to a boundary in close proximity to it.
 - h) For the survey and preparation of the necessary plans of a continuous curvilinear boundary including a circular curve.
 - i) For the survey of buildings to be depicted on a building-location diagram or for the survey of curvilinear line consisting of the outer walls of a building or of party walls defining the boundary of a land-share.
 - j) The surveying of any beacons required for the purpose of framing a building location diagram.
 - k) Any connection and alignment investigations.
 - l) Basing the survey on trigonometrical stations.
 - m) For the computation and placing of a beacon on an existing boundary.
 - n) Pointing out beacons and boundaries.
 - o) Any other work not specified in this tariff of fees.
2. For the purposes of this Part, the rates applicable are prescribed in Table B

Table B

<i>Category</i>	<i>Rate per quarter hour or part thereof</i>
Land Surveyor	\$ 12,50
Land Survey Assistant	\$10,00

“Land Survey Assistant” means a technician or Land Surveyor in Training registered in terms of the Land Surveyors Act [Chapter 27:06]

Survey Regulations Board Circular 1 of 2020

Part IV

The daily rate to be charged for specialised survey equipment shall be 0,65% of the rated value of the equipment.

Land Surveyors must engage the services of qualified business valuers for determination of replacement value of their equipment.

Part V

A fee equivalent to 6% of the total of all charges, excluding any examination fee payable to the Surveyor General, shall be charged under contingencies or sundries.

Part VI

SUPPORTING SCHEDULES

For all title survey work, the responsible land surveyor shall submit as part of the survey records:

1. A schedule with extracts from his diary where necessary in support of any charges made for:
 - a) Any piece of land for which an additional charge has been made in terms of the proviso to sub-paragraph (a) of paragraph (2) of Part I by specifying each such piece of land.
 - b) Transport and subsistence in accordance with Part II, giving details of:
 - i) Daily distances travelled, as recorded in the vehicle log-book; and
 - ii) Dates and details of all persons for whom subsistence is charged in accordance with paragraph (3) of Sub-item (C) of Part II.
 - c) Line clearing in accordance with Part II, giving details of time spent, clearing undertaken and the rates for staff directly employed in the clearing operations.
 - d) Miscellaneous work in accordance with Part III, giving details of time spent, work undertaken by assistants or technicians and the costs of labour and materials directly used.
2. Supporting documents for charges made in terms of Part IV
